My dear sir

May I ask the favor that as a member of the Board of trustees of the Corcoran Art Gallery you will at some time when convenient present to the Board the medal accompanying this note. When abroad last summer I purchased this medal of Benjamin West in London. It seems to have been prepared by the Royal Academy at the time when he was president of that Institution. Mr West was as you know one of America's earliest and most eminent painters. In England where he spent most of his life his paintings are held in high esteem both on account of the subject of his studies and the artistic manner in which they were executed. In Hampton Court an entire room is given to the exhibition of his works. Some fine specimens of his genius in painting is preserved in other galleries and on the continent of Europe. I learned that the medals were never much distributed and believing that this specimen is worthy of preservation and deserving of a place in some public Institution ~~in the history~~ which possess the records of the history and progress of Art I wish if this Medal of Benjamin West be deemed worthy of a place in the Corcoran Art Gallery to donate it to that Institution.

By bring this matter to the attention of your associates on the Board of trustees.

you will much oblige

Yours very truly Jno Tower
